Short Course Provider (SCP) Full Inspection

ORGANISATION: Summit Educational Enterprise Ltd

ADDRESS: 30 St Giles
Oxford
OX1 3LE

HEAD OF ORGANISATION: Dr Yi Samuel Chen

DATE OF INSPECTION: 30 July 2016 and 17 August 2016

ACCREDITATION STATUS AT INSPECTION: Not accredited

DECISION ON ACCREDITATION:

- Accreditation awarded for the full four-year period.
- Decision on accreditation deferred.
- Award of accreditation refused.

Date: 9 Sep 2016
1. Background to the organisation

Summit Education Enterprise (SEE) was founded in February 2012 and is a private limited company. The two owners, one of which finished his DPhil at the University of Oxford, both now work in academic posts at the university. The owners have close links with a number of university teaching staff who are utilised on SEE programmes and projects.

SEE provides residential educational summer and winter short courses at various colleges of the University of Oxford. SSE is also involved in consultancy and project management activities for a variety of educational and commercial clients.

Close relations are maintained with universities overseas who send students onto SEE's programmes. Academic staff from these universities attend SEE's programmes in a monitoring capacity.

2. Brief description of the current provision

Short courses commenced in 2015. There are four separate programmes in 2016. Currently all students are from China and none are under the age of 18.

There are currently two programmes on offer and both are two weeks in duration. The Oxford Study Programme has run on three occasions in 2016, and the Future of Cities: Best Sustainable Practice Programme has run once. Both courses are fully timetabled for the complete duration and include lectures, seminars and study visits. One of the programmes also offered site visits to local firms in Oxfordshire and London. The programmes offer relevant social and cultural activities.

Academic and social activities are led and delivered by staff of the University of Oxford as workshops on international relations, aspects of the European Union (EU), technology transfer, the environment, economics, English heritage, study skills, English culture and etiquette and leadership. There are workshops on how to apply for postgraduate programmes at UK universities.

SEE also offers an optional 7-day cultural tour of England and Scotland. A keep fit zumba session is also timetabled for students. These latter two activities were not inspected.

3. Inspection process

The inspection was carried out over two days by two inspectors with both programmes offered being inspected. The two owners were interviewed along with two university tutors and some course students. Documents were examined, and teaching and workshop facilities seen. Student accommodation was not visited but, as the accommodation is hosted by University of Oxford, it is maintained at a high standard. This inspection report is in relation to the provider’s provision in the United Kingdom only.
PART B - JUDGEMENT AND EVIDENCE

The following judgements and comments are based upon evidence seen by the inspector(s) during the inspection and from documentation provided by the provider.

INSPECTION AREA - MANAGEMENT, STAFFING AND ADMINISTRATION

1. **The provider is effectively managed**

   1.1 The management structure is clearly defined, documented and understood, including the role and extent of authority of any owners, trustees or governing body. ☐ Yes ☐ No

   1.2 The head of the provider and other senior managers are suitably qualified and experienced, understand their specific responsibilities and are effective in carrying them out. ☐ Yes ☐ No

   1.3 There are clear channels of communication between the management and staff and those working at the delivery venue/s. ☐ Yes ☐ No

   **This standard is judged to be:** ☐ Met ☐ Partially Met ☐ Not Met

   **Comments**

   Both owner managers are highly qualified and experienced. Managers are closely involved with the operations of the organisation and there are very clear lines of responsibility and accountability.

2. **The administration of the provider is effective**

   2.1 Administrators are suitably qualified or experienced and understand their specific responsibilities and duties. ☐ Yes ☐ No

   2.2 The size of the administrative team is sufficient to ensure the effective day-to-day running of the provider. ☐ Yes ☐ No

   2.3 The administrative support available to the management is clearly defined, documented and understood. ☐ Yes ☐ No

   2.4 Policies, procedures and systems are well documented and effectively disseminated across the provider. ☐ Yes ☐ No

   2.5 Data collection and collation systems are effective. ☐ Yes ☐ No

   2.6 Administrative offices are adequate in size and resources for the effective administration of the provider. ☐ Yes ☐ No

   **This standard is judged to be:** ☐ Met ☐ Partially Met ☐ Not Met

   **Comments**

   Administration provision is judged to be effective. However, SEE will need to improve the current administrative provision if it fulfils its growth ambitions.
3. The provider employs appropriate managerial and administrative staff

3.1 There are appropriate policies and effective procedures for the recruitment and continuing employment of suitably qualified and experienced staff.

3.2 Experience and qualifications claimed are verified before employment.

3.3 There is an effective system for regularly reviewing the performance of staff.

This standard is judged to be: ☐ Yes ☐ No

Comments
Staff employed are very well qualified and experienced.

4. Publicity material, both printed and electronic, gives a comprehensive, up-to-date and accurate description of the provider and its programmes

4.1 Text and images provide an accurate depiction of the provider's location, premises, facilities and the range and nature of resources and services offered.

4.2 Information on the courses available is comprehensive, accurate and up to date.

This standard is judged to be: ☐ Met ☐ Partially Met ☐ Not Met

Comments
Publicity material, course guides and handbooks are detailed giving prospective students a good idea of what is offered by SEE and how they will participate in the course activities. Tutors are required to provide a detailed pre-course synopsis of the areas to be discussed in class.
5. **The provider takes reasonable care to recruit and enrol suitable participants for its courses**

<table>
<thead>
<tr>
<th>5.1 Entry requirements for each course, including those relating to language ability, are set at an appropriate level and clearly stated in the course descriptions seen by prospective participants.</th>

<tbody>
<tr>
<td>5.2 A formal application process ensures that participants meet the entry requirements and any claimed qualifications are verified.</td>
<td>Yes</td>
<td>No</td>
<td>NA</td>
</tr>
<tr>
<td>5.3 The provider replies to all application enquiries promptly and appropriately and briefs all stakeholders properly on the nature and requirements of its programmes.</td>
<td>Yes</td>
<td>No</td>
<td>NA</td>
</tr>
<tr>
<td>5.4 Any overseas recruitment agents are properly selected, briefed, monitored and evaluated.</td>
<td>Yes</td>
<td>No</td>
<td>NA</td>
</tr>
</tbody>
</table>

**This standard is judged to be:**  Met  Partially Met  Not Met

**Comments**

The recruitment of students is carefully scrutinised to ensure that prospective students are appropriately linked to the programmes on offer. Staff of universities overseas help ensure that students from their institution are properly matched to SEE's programmes.

On the application form, prospective students have to be clear as to why they wish to undertake the SEE programmes, what skills they have, and how these fit into the SEE programmes. Prospective students indicate how the SEE programme may help their own future careers or academic aspirations.

Detailed pre-course reading lists and guides to appropriate websites are given to students by SEE. SEE managers take considerable care to ensure that these lists are relevant to the programme of study.

The application and enrolment process is considered to be a major strength of the SEE's programme.

6. **There is an appropriate policy on participant attendance and effective procedures and systems to enforce it**

<table>
<thead>
<tr>
<th>6.1 There is a clear and published policy on participant attendance and punctuality.</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
<tbody>
<tr>
<td>6.2 Accurate and secure records of attendance and punctuality at each session are kept for all participants, collated centrally and reviewed.</td>
<td>Yes</td>
<td>No</td>
</tr>
<tr>
<td>6.3 Participant absences are followed up promptly and appropriate action taken.</td>
<td>Yes</td>
<td>No</td>
</tr>
</tbody>
</table>

**This standard is judged to be:**  Met  Partially Met  Not Met

**Comments**

6.1 There is no policy on attendance, but it is clear that the ethos and culture of the organisation promotes successfully very high rates of attendance. Attendance is monitored by photographing the whole class at commencement with any absentees chased up. This is possible with the small groups on the programmes. However, SEE must develop and publish a policy on attendance.

6.2 No records are kept of attendance or punctuality. SEE must keep records of student attendance and punctuality to enable a review of attendance and punctuality to take place.
7. The provider regularly obtains and records feedback from participants and other stakeholders and takes appropriate action where necessary

7.1 The provider has effective mechanisms for obtaining feedback from participants and other stakeholders (such as staff, partner providers and employers) on all aspects of the provider’s provision, including formal participant representation where appropriate.

7.2 Feedback is obtained, recorded and analysed on a regular basis.

7.3 The feedback is reviewed by management and action is taken where necessary.

7.4 There is a mechanism for reporting on the provider’s response to the feedback to the participant body.

This standard is judged to be: ☐ Met ☐ Partially Met ☐ Not Met

Comments

There are strong and thorough systems for gathering feedback from students and from universities overseas. The SEE programme design has been influenced by feedback from these universities and from reflective logs written by the students.

8. The provider has effective systems to review its own standards and assess its own performance with a view to continuing improvement

8.1 There are effective systems for monitoring and periodically reviewing all aspects of the provider’s performance.

8.2 Reports are compiled which present the results of the provider’s reviews and incorporate action plans.

8.3 Action plans are implemented and regularly reviewed.

This standard is judged to be: ☐ Met ☐ Partially Met ☐ Not Met

Comments

SEE is accurate in understanding its own strengths and areas for development. The Self Evaluation Form (SEF) highlights a number of its own strengths such as the quality of the programmes, the quality of the teaching staff and the quality of the relationships with the University of Oxford and universities overseas.

The SEF also indicates, again accurately, areas for development such as the production of quality procedures and manuals, the development of better attendance recording methods and the need to plan for future growth. Quality outcomes for students are evident at SEE, but the quality processes need to be more systematic and less informal.

8.1, 8.2 and 8.3 SEE must develop a systematic approach to review its activities across all of its programmes. This review should result in the production of a performance report, listing all review and action points. This review and report should happen at least annually and be made available for all interested parties, such as students and stakeholders.
INSPECTION AREA - TEACHING, LEARNING AND ASSESSMENT

9. **Programme management is effective**

9.1 There is a suitably qualified and experienced programme manager or management team with responsibility for teaching, learning and assessment and the management of the body of trainers.

9.2 Classes are timetabled and rooms allocated appropriately for the courses offered.

9.3 The allocation of trainers to classes provides for a consistent learning experience and delivery is monitored to ensure consistency.

9.4 There is an appropriate policy and effective procedures for the acquisition of teaching and learning resources.

This standard is judged to be: [ ] Met [ ] Partially Met [ ] Not Met

Comments

SEE academic staff are highly qualified. The advance timetabling of the teaching rooms ensures that a high priority is placed on ensuring an excellent student experience.

10. **The courses are planned and delivered in ways that enable participants to succeed**

10.1 Courses are designed and delivered in ways that allow participants to develop the knowledge and skills which will be required for final examinations or assessments or which meet stakeholders' requirements.

10.2 Lessons and assessments maintain an appropriate focus on any assessment objectives or statement of learning outcomes established by the awarding body.

10.3 Formative assessments appropriately reflect the nature and standards of summative examinations.

10.4 Participants are encouraged and enabled to develop independent learning skills.

10.5 The academic backgrounds and particular needs of participants are taken into account in the classroom delivery of the course.

This standard is judged to be: [ ] Met [ ] Partially Met [ ] Not Met

Comments

Assessment is by way of small group assessed research projects, that are thoroughly reviewed prior to and during the programme. This means that student sponsors are active in helping put projects together. The end of programme assessment is based against the aims of the project. Such projects receive input from student sponsors, local industry and business contacts. Students work together on agreed projects but also develop their own learning skills. The course is internal and therefore there is no awarding body.
11. Trainers are suitable for the courses to which they are allocated and effective in delivering them

15.3 External moderators are involved in the assessment process where appropriate.

This standard is judged to be: ☐ Met ☐ Partially Met ☐ Not Met ☐ NA

Comments
16. **There are satisfactory procedures for the administration of examinations and other means of assessment**

16.1 The provider complies with the requirements of the relevant awarding bodies in terms of examination security and administration where appropriate.
