BRITISH ACCREDITATION COUNCIL INSPECTION REPORT

Independent Higher Education (IHE) Reaccreditation Inspection

INSTITUTION: VUZF University

ADDRESS: 1, Gusla Str
Sofia
Ovcha Kupel District
1618 Sofia
Bulgaria

HEAD OF INSTITUTION: Professor Grigorii Vazov

DATE OF INSPECTION: 27-28 September 2017

ACCREDITATION STATUS AT INSPECTION: Accredited

DECISION ON REACCREDITATION:

- Reaccreditation awarded for the full four-year period.
- Decision on reaccreditation deferred.
- Award of reaccreditation refused.

Date: 14 Dec 2017
PART A - INTRODUCTION

1. Background to the institution

VUZF University (the University) is a private university offering bachelor’s, master’s and doctoral programmes. It is situated on the outskirts of Sofia in Bulgaria. Its aim is to provide high quality education that reflects contemporary practice in the areas of economics, insurance, finance, information technology and innovation management, that provides a sound basis for its graduates’ employment and career progression.

In June 2017, an investment company became the major shareholder of VUZF AD, which owns the University, and a new President was appointed to reflect this. The Rector, its founder and previous major shareholder, remained, as did the academic management team, but some changes were made to the composition of the Board of Trustees, with new members replacing outgoing ones. The Board of Trustees, which is chaired by the President, has responsibility for strategy and finance. The Academic Council, which has responsibility for the academic management of the University, is chaired by the Rector.

The University was founded in 2002 by special resolution of the National Assembly. Approval was granted on the basis that the University would offer undergraduate courses in economics. In 2008, the National Agency for Assessment and Accreditation granted institutional approval for a period of six years and a year later approved all of its programmes and, in addition, permitted the University to offer courses at master’s level. Institutional recognition followed one year later. In 2010 and 2011, the University entered into collaborative double-degree arrangements with the University of Sheffield. The Sheffield courses offered by VUZF are overseen by the University of Sheffield’s International Faculty, City College, Thessaloníki, which also holds BAC accreditation.

2. Brief description of the current provision

The University offers ten of its own bachelor’s programmes, 20 master’s programmes and two doctoral programmes. It also offers three bachelor’s and four master’s programmes jointly with the University of Sheffield. Graduates of these seven programmes receive both VUZF and Sheffield awards. The Sheffield provision is delivered through its International Faculty, City College, Thessaloníki, where bachelor’s students attend for their final year. Three modes of study are available, which are full-time, part-time by attendance and part-time by distance learning, with some attendance. Enrolment takes place annually and the academic year is divided into two semesters.

Total student enrolments at the time of inspection were a little over 1,000, comprising around 550 on bachelor’s programmes, 430 on master’s programmes and 40 part-time doctoral students. Of these, some 360 students on the bachelor’s and master’s programmes were studying full-time and 620 were studying part-time, including 117 distance learning students. The very large majority of students are Bulgarian. Other students are from Nigeria, Cyprus, Turkey, Albania, Ukraine and Russia, many of whom are domiciled in Bulgaria. Just over half of students are male and there are no students under 18 years of age.

Part-time by attendance students, part-time by distance learning students and full-time students are timetabled to attend at different times during the academic year. There are 27 full-time permanent teaching staff, 54 temporary part-time teaching staff, 27 administrative staff and ten ancillary staff.

3. Inspection process

The inspection was undertaken over two days by an inspection team comprising two inspectors and a student inspector. The University provided a considerable amount of documentation, much of it translated from Bulgarian. During the inspection the team met the President, the Rector, members of the Board of Trustees, senior management, teaching and administrative staff and students. Due to the timing of the inspection, only a small number of students, all Bulgarian, were available to meet the inspectors, but they represented bachelor’s, master’s and doctoral programmes. Five teaching sessions were observed. The inspectors conducted a detailed survey of the premises and facilities, including learning resources, staff accommodation, classrooms and recreational facilities. Throughout, the University engaged most constructively with the inspection process.

PART B - JUDGEMENT AND EVIDENCE

The following judgements and comments are based upon evidence seen by the inspector(s) during the inspection and from documentation provided by the institution.

INSPECTION AREA - GOVERNANCE, STRATEGY AND FINANCIAL MANAGEMENT

1. The institution is effectively and responsibly governed

1.1 The organisational structure, including the role and extent of authority of any owners, directors or governing body, is clearly defined, documented and understood by stakeholders. Yes No

1.2 The head of the institution, directors and other relevant persons are suitably qualified and experienced, understand their specific responsibilities and are effective in carrying them out. Yes No

1.3 Policies, procedures and systems linking governance and management are well documented and effectively disseminated across the institution. Yes No

1.4 The institution engages in appropriate risk management planning, which is administered and monitored by named individuals. Yes No

1.5 The head of the institution, directors and other relevant persons are suitably qualified and experienced, understand their specific responsibilities and are effective in carrying them out. Yes No

1.6 The governing body conducts regular risk assessment exercises in all areas of the institution's provision. Yes No

1.7 All relationships with other educational institutions and organisations are defined formally and are fully transparent, with institutions compliant with partner or parent institutions' requirements, where applicable. Yes No

This standard is judged to be: Met Partially Met Not Met

Comments

There is a transparent organisational structure, with clearly defined roles which are well understood. Supporting documentation is comprehensive and widely available.

Members of the Board of Trustees, and internal postholders, are very well qualified and experienced. They work together well as a team.

Risk assessments are conducted regularly and scrutinised by senior management.

VUZF’s relationship with the University of Sheffield and its International Faculty, City College Thessaloniki, are clearly documented, setting out each institution’s responsibilities.

2. The institution has a clear and achievable strategy

2.1 The institution has a clear strategy for the development of its higher education provision which is supported by appropriate financial management. Yes No

2.2 There is provision for stakeholder input to inform the strategic direction of the institution. Yes No

2.3 The strategy is well communicated to all stakeholders within and outside the institution. Yes No

2.4 The governing body and senior management conduct a regular and systematic review of their own and the institution’s overall performance and measure this performance against strategic targets. Yes No

This standard is judged to be: Met Partially Met Not Met

Comments

There is a clear strategy for development which is underpinned by strong financial management. The strategy is informed by input from a wide spectrum of stakeholders and shared extensively.

Performance monitoring is undertaken on a continuous, rolling basis in order to facilitate prompt action where required.
3. **Financial management is open, honest and effective**

3.1 The institution conducts its financial matters transparently and with appropriate probity.  

3.2 The institution’s finances are subject to regular independent external audit.  

**This standard is judged to be:**  
- Met  
- Partially Met  
- Not Met

**Comments**

In Bulgaria there is no requirement for private universities to be externally audited, although there is governmental oversight of the institution’s finances. The parent company undertakes the role of external auditor. In addition, the institution’s finances are scrutinised as part of its ISO accreditation. As a result, the institution’s finances are subject to independent scrutiny from a range of bodies.

**INSPECTION AREA - ACADEMIC MANAGEMENT AND ADMINISTRATION**

4. **The institution is effectively managed**

4.1 The management structure is clearly defined, documented and understood by all stakeholders including governors, management, staff and students.  

4.2 The head of the institution and other senior managers are suitably qualified and experienced, understand their specific responsibilities and are effective in carrying them out.  

4.3 There are clear channels of communication between management, the governing body, staff, students and other stakeholders.  

4.4 There are clearly delineated responsibilities and reporting arrangements at institutional, faculty, departmental, programme and course levels. This should include provision for academic leadership at programme and individual course level.  

4.5 There is an effective committee structure with appropriate reporting lines which informs management decision-making and provides feedback to stakeholders.  

4.6 Committees and other meetings have clear and appropriate terms of reference, are scheduled to meet regularly and are minuted accurately.  

4.7 There is a set of comprehensive policies, regulations and procedures for staff and student conduct.  

4.8 Management ensures that all information, internal and external, including publicity material, is accurate and fit-for-purpose.  

4.9 A policy exists and is administered effectively regarding collection of and refund of student fees.  

4.10 Management compiles reports at least annually presenting the results of the institution’s reviews and incorporating action plans. Reports include analysis of year-on-year student satisfaction, retention and achievement, staff performance (including research and other forms of scholarship) and a review of resourcing issues.  

4.11 Action plans are implemented and reviewed regularly, with outcomes reported to management and subsequently to the governing body.  

4.12 Management monitors and reviews academic and administrative staff performance through a clearly documented and transparent appraisal system.  

**This standard is judged to be:**  
- Met  
- Partially Met  
- Not Met

**Comments**

The University has very well-qualified and experienced staff in positions of responsibility. They work together well as a team.

There is comprehensive data collection and analysis and a clear reporting structure, with actions monitored and followed...
up promptly where necessary.

4.8 Some outdated publicity literature was presented. The process for oversight of marketing materials needs to be kept under review to prevent any future issues. The University undertook to withdraw out of date marketing materials immediately wherever possible.

Inclusion of the publication date on all publicity materials would be helpful in ensuring its currency.

Senior management reports, at least annually, on each of its main areas of operation, with particular emphasis on student satisfaction and research activity. Action plans are implemented and reviewed regularly, with outcomes reported to senior management and the Board of Trustees. The plans detail the roles and responsibilities of named individuals and the timeline to be followed. All action plans are included in the Master Plan, which is reviewed monthly at Rector's Council. Any necessary remedial actions are implemented promptly.

The performance of academic staff is reviewed according to the requirements of Bulgarian legislation. Administrative staff are first appraised three months after joining VUZF and then annually.

Academic and administrative staff not only perform effectively, but they also work well together as a team.

5. **Academic management is effective**

- **5.1** There are appropriate procedures for the proposal, design and validation of programmes of study which take cognisance of the mission of the institution, national imperatives, market demand and resource issues and reflect international norms. [Yes/No]

- **5.2** Management ensures that the stated curricula are delivered as presented in the prospectus and other related documentation, and that requirements from professional or other relevant bodies are met. [Yes/No]

- **5.3** There are regular scheduled and minuted meetings of academic staff to review academic programmes. [Yes/No]

- **5.4** There is an appropriate policy and effective procedures exist for the acquisition of academic resources to support programmes. [Yes/No]

- **5.5** Appraisal of academic staff includes regular classroom observation which is used for the dissemination of good practice. [Yes/No]

- **5.6** Academic staff are supported in their continuing professional development and enabled to develop further pedagogic techniques to enhance the learning of students. [Yes/No]

**This standard is judged to be:** [Met/Partially Met/Not Met]

**Comments**

The University has a clear focus on ensuring the employability of its graduates. Curriculum design and teaching is informed, and delivered, by persons with considerable knowledge and experience of contemporary business practice and market demand. Many staff continue to hold senior positions in business and industry and bring their knowledge to bear in ensuring the currency of the University's programmes.

5.5 As part of their induction, new staff are invited to observe teaching that is carried out by an established member of staff so that best practice can be effectively shared. Apart from this, classroom observations of teaching staff are not undertaken routinely. Introduction of a formal process of classroom observation for all would serve to inform staff appraisal and provide an opportunity for the enhancement of teaching.

Staff are supported in their professional development through internal activities, such as sharing experience, joint activities with the University of Sheffield and City College Thessaloniki, and sponsored attendance at external conferences and other events. However, there is scope for increased emphasis on pedagogical development.
6. **The institution is effectively administered**

**Comments**

Administrative staff are suitably qualified and well supported in their roles. They are knowledgeable and have a good rapport with managerial and academic staff, and with students.

The organisation chart sets out very clearly the University's reporting arrangements. These are recorded in detail in the University's Statutes and and Regulations, with which staff are conversant.

The University uses two electronic administrative systems. While these are effective, the University intends to update them and work towards greater integration of the systems. To this end, a new data management system, to connect personal student data with the online learning platform more effectively, is being developed.

**Comments**

Management staff are very well-qualified and highly experienced. Many maintain senior roles in industry and this has a positive impact on their approach to management of the University.

Administrative staff are well-suited to their roles and can avail themselves of development opportunities for which support is available.
Although there is no standalone, specific, equality and diversity policy, fair and transparent processes exist to ensure staff are treated fairly at all times. Notwithstanding this, it would be helpful to bring this material together, to provide a formal, standalone, policy on Equality and Diversity, and ensure its widespread distribution.

**This standard is judged to be:**

**Comments**

Academic staff are well qualified with relevant, often current, professional experience.

Documentation supporting teaching, learning and assessment is comprehensive and well thought-out.

Considerable emphasis is placed upon developing students' skills. The provision of work placements is an integral part of the provision and is effective in preparing them for employment. At the time of the inspection only part-time bachelor’s students were on campus. Consequently, only a limited amount of teaching could be observed. Therefore, it is not possible to draw upon extensive, direct, evidence of classroom teaching and learning techniques employed by lecturers.

8.8 Schemes of work, or course outlines, are available on the University intranet and provide useful information for students. These are monitored by administrative staff to ensure that they are maintained up-to-date. However, detailed lesson plans are not routinely deposited with administration and the preferred action, in the event of an unexpected staff absence, is to reschedule the class rather than deploy a substitute lecturer.

Teaching staff operate an open-door policy thereby providing students with extensive access to them outside class.
9. **Assessment is fair, well-organised and appropriate for the level and nature of the courses, and students receive timely and supportive feedback on their work**

**Comments**

The assessment regime is transparent and students are well-informed on the timing and nature of assessment tasks, including grading schemes.

Students have ready access to lecturers and are appreciative of the written and oral feedback they receive on their assessed work.

Students receive clear instructions on avoiding cheating, including plagiarism, and staff are instructed to monitor students' adherence to these. Stiff penalties are applied where misdemeanours are identified.

Pre-assessment moderation is undertaken and student work is second-marked.

University of Sheffield programmes are also subject to scrutiny by external examiners.

10. **The institution encourages and supports its staff to undertake research and other forms of scholarship and to engage in other professional activities**

**Comments**

Staff are required to maintain a research profile and the University provides financial and other support for approved activities.

Staff are active nationally and internationally and benefit from ready access to an in-house publishing company. The result
is an impressive range of attractive publications. Staff events are held, often with external speakers. The emphasis of these is on research and there is scope for a formal programme of staff seminars focusing on developing other forms of scholarship, including pedagogical skills.

INSPECTION AREA - STUDENT RECRUITMENT, SUPPORT, GUIDANCE AND PROGRESSION

Comments

11.3 The inspection team experienced difficulty in accessing some information on the website. Furthermore, some material was out-of-date. This has been addressed, but needs to be kept under review through regular monitoring.

Although students are informed of the full cost of their chosen programme before or at enrolment, the website, in English, states only the application fee and the range of discounts available. As this is likely to be the first point of call for prospective students, the University, notwithstanding the complexities brought about by the diverse nationalities of prospective students, is advised to review this situation. The inspection team was informed that the Bulgarian language website does include this information.
12. **The institution takes reasonable care to recruit and enrol suitable students for its courses**

12.1 Entry requirements for each programme are set at an appropriate level and clearly stated in the programme descriptions seen by prospective students. [Yes/No]

12.2 A formal application process ensures that students meet the entry requirements and any claimed qualifications are verified. [Yes/No]

12.3 Prospective students are properly briefed on the nature and requirements of the programme(s) in which they are interested and provided with advice on choosing their programme. [Yes/No]

12.4 All application enquiries are responded to promptly and appropriately. [Yes/No]

12.5 Any recruitment agents are properly selected, briefed, monitored and evaluated. [Yes/No/NA]

12.6 Students receive a proper initial assessment, which includes language ability, to confirm their capability to complete the programmes on which they are enrolling. [Yes/No]

12.7 Students with special needs are identified so that appropriate support can be provided. [Yes/No]

12.8 Entry on the basis of accreditation of prior learning and prior experiential learning is subject to a rigorous process and is clearly documented. [Yes/No]

**This standard is judged to be:** Met, Partially Met, Not Met

**Comments**

12.5 Recruitment agents are employed, but are not briefed or monitored. These actions would prevent the recruitment of unsuitable students, although such instances are rare.

Students with special needs, who apply to join the University of Sheffield’s programmes, are identified but this is not applied as systematically or transparently to applicants to VUZF programmes. Furthermore, a wider range of disabilities could be identified.

13. **Students receive pastoral support appropriate to their age, background and circumstances**

13.1 There is at least one named staff member responsible for student welfare who is suitably trained, accessible to all students and available to provide advice and counselling. [Yes/No]

13.2 Students receive an appropriate induction and information on the pastoral support available to them. [Yes/No]

13.3 Students are issued with a contact number for out-of-hours and emergency telephone support. [Yes/No]

13.4 The institution has policies to avoid discrimination and a published procedure for dealing with any abusive behaviour. [Yes/No]

13.5 There are effective systems to communicate with students out of class hours. [Yes/No]

**This standard is judged to be:** Met, Partially Met, Not Met

**Comments**

Administrative and academic staff demonstrate a strong commitment to student care.

In an emergency, students can contact the 24-hour Front Office Manager. However, it would be helpful if this were made more explicit, in a handbook, or on a poster.

13.4 While there is no evidence of discrimination or abusive behaviour, and there are statements relating to these issues, there are no formal, published policies or formal procedures for dealing with such behaviour.
14. **Students receive appropriate guidance**

14.1 Students are given an induction to the institution, their programme of study and guidance on the use of facilities such as the library and IT. 

14.2 Additional support or advice on alternative programmes is provided to students who are judged not to be making sufficient progress to succeed. 

14.3 Students have access to a fair complaints procedure of which they are informed in writing at the start of the course and offered guidance in submitting a complaint. 

14.4 Students have access to careers advice and guidance, including progression to further study, from a designated and suitably qualified and experienced member of staff. 

14.5 Students have access to careers information including prospectuses for further study. 

**Comments**

14.3 Student complaints are considered, and taken seriously. However, the procedure could be brought to the attention of students in a more formal manner by a published policy, which is disseminated widely.

Students receive excellent careers advice and support, including help with writing curriculum vitae and interview techniques.

15. **Student progress is measured and recorded regularly on the basis of adequate and explicit data and effective remedial action taken where necessary**

15.1 Assessment outcomes are monitored to enable the identification of students who are not making satisfactory progress and there is prompt intervention where appropriate. 

15.2 There is a clear and published policy on required student attendance and punctuality, with effective procedures and systems to enforce it. 

15.3 Accurate and secure records of attendance and punctuality at each session are kept for all students, collated centrally and reviewed at least weekly. 

15.4 Student absences are followed up promptly and appropriate action taken. 

15.5 Students are each allocated a personal tutor who is responsible for the regular review of students’ progress. 

**Comments**

Attendance is recorded in paper form and then submitted digitally. During this process the administrative team monitors student attendance and can instigate prompt remedial attention. Student assessment records are stored electronically and easily accessed, allowing continuous monitoring of student performance.

Personal tutors address both the students academic and pastoral need. Personal tutors are seen regularly and go to great efforts to assist the students.

More generally, the close contact between staff and students ensures that any problems that students may have are identified and addressed at an early stage.
16. International students are provided with specific advice and assistance

16.1 Before their arrival, international students receive appropriate advice on travelling to and living in the country or location.  

16.2 On arrival, international students receive an appropriate induction in issues specific to the local area.  

16.3 Information and advice specific to international students continue to be available throughout their time at the institution.  

16.4 Provision of support takes into account cultural and religious considerations. Where possible, students have access to speakers of their own first language.

This standard is judged to be:  ☐ Met  ☐ Partially Met  ☐ Not Met  ☐ NA

Comments

The website provides international students with comprehensive, helpful advice. Students are also given an induction and continuous support is provided by the administrative team.

17. Where residential accommodation is offered, it is fit-for-purpose, well maintained and appropriately supervised

17.1 Any residential accommodation is clean, safe and of a standard which is adequate for the needs of students.  

17.2 Any residential accommodation is open to inspection by the appropriate authorities.  

17.3 A level of supervision is provided appropriate to the needs of students.  

17.4 Students are provided with advice on suitable private accommodation.

18. The institution provides an appropriate social programme for students and information on activities in the locality

18.1 Students are provided with appropriate information on opportunities for participation at events and other leisure activities which may be of interest.  

18.2 The social programme is responsive to the needs and wishes of students.  

18.3 Any activities within the social programme have been chosen with consideration of their affordability by the majority of students.  

18.4 Any activities organised by the institution are supervised by a responsible representative with suitable qualifications and experience.  

18.5 Students are encouraged to develop and participate in extra-mural activities.

This standard is judged to be:  ☐ Met  ☐ Partially Met  ☐ Not Met
A number of appropriate social events are arranged. These are often of an academic-related kind and the University might wish to consider broadening its offer to include more extra-mural events, such as sporting activities.

**INSPECTION AREA - PREMISES, FACILITIES AND LEARNING RESOURCES**

19. **The institution has secure possession of and access to its premises**

     19.1 The institution has secure tenure on its premises. ☑ Yes ○ No
     19.2 The institution has the legal right to use these premises for the delivery of higher education. ☑ Yes ○ No
     19.3 Where required, the institution has access to suitable external premises for academic or non-academic purposes of a temporary or occasional nature. ○ Yes ○ No ☑ NA

    **This standard is judged to be:** ☑ Met ○ Partially Met ○ Not Met ○ NA

**Comments**

The University leases the premises from its parent company which owns the premises. The University is authorised to use the premises for the delivery of higher education.

20. **The premises provide a safe, secure and clean environment for students and staff**

     20.1 Access to the premises is appropriately restricted and secured. ☑ Yes ○ No
     20.2 The premises are maintained in an adequate state of repair, decoration and cleanliness. ☑ Yes ○ No
     20.3 There are specific safety rules in areas of particular hazard (e.g. science laboratories) which are brought to the attention of students, staff and visitors. ○ Yes ○ No ☑ NA
     20.4 General guidance on health and safety is made available to students, staff and visitors. ○ Yes ○ No
     20.5 There is adequate signage inside and outside the premises and notice boards for the display of general information. ○ Yes ○ No
     20.6 There is adequate circulation space for the number of students and staff accommodated, and a suitable area in which to receive visitors. ○ Yes ○ No
     20.7 There are toilet and hand-washing facilities of an appropriate number and acceptable level of cleanliness. ○ Yes ○ No
     20.8 There is adequate air conditioning, heating and ventilation in all rooms. ○ Yes ○ No

    **This standard is judged to be:** ☑ Met ○ Partially Met ○ Not Met

**Comments**

Access is via one entrance, which is manned 24 hours a day.

The premises throughout are very clean and well-maintained. They provide a light, airy environment for students and staff. Circulation space is spacious and well-appointed.

Signage and noticeboards are informative and well-presented, although notices in English could have a higher profile. This
would not only reflect the University's link with the University of Sheffield, but also lend a more international look and feel to the University.

21. **Classroom and other learning areas are appropriate for the programmes offered**

21.1 Classrooms and other learning areas provide adequate accommodation in size and number for the classes (e.g. lectures, seminars, tutorials) allocated to them.

21.2 Classrooms and any specialised learning areas (e.g. laboratories, clinics, workshops, studios) are equipped to a level which allows for the effective delivery of each programme.

21.3 There are facilities suitable for conducting assessments such as examinations.

**This standard is judged to be:**  
- Met  
- Partially Met  
- Not Met  
- NA

**Comments**

The classrooms are appropriate for the class sizes. They are functional and have a traditional, lecture-room, layout. They would, however, lend themselves to a more imaginative layout for more interactive learning sessions.

Where necessary, additional equipment can be requested by lecturers in advance.

There are sufficient rooms, including a large auditorium, suitable for conducting examinations.

22. **There are appropriate additional facilities for students and staff**

22.1 Students have access to sufficient space and suitable facilities for private individual study and group work.

22.2 Academic staff have access to sufficient personal space for preparing lessons, marking work and consultations with students.

22.3 Students and staff have access to space and facilities suitable for relaxation and the consumption of food and drink where appropriate.

22.4 Students and staff have access to secure storage for personal possessions where appropriate.

22.5 There are individual offices or rooms in which academic staff and senior management can hold private meetings and a room of sufficient size to hold staff meetings.

22.5 Administrative offices are adequate in size and suitably resourced for the effective administration of the institution.

**This standard is judged to be:**  
- Met  
- Partially Met  
- Not Met  
- NA

**Comments**

Students can access classrooms, the library and communal space for private and group work.

Academic staff offices, either individual or shared, facilitate staff preparation, marking and consulting with students.

Administrative staff offices are of a similar standard.

A cafe and dining area on the ground floor offers a range of beverages and food.
23. **The library is appropriately stocked and provides a fit-for-purpose learning resource for the student body**

23.1 The library is adequately staffed with appropriately qualified and experienced staff.  

[ ] Yes  [ ] No

23.2 The library has sufficient space for student independent study and group working.  

[ ] Yes  [ ] No

23.3 There is sufficient provision of learning materials including books, journals and periodicals and online materials.  

[ ] Yes  [ ] No

23.4 There is a well-organised lending policy.  

[ ] Yes  [ ] No

23.5 There are clear, systematic and effective means of ensuring the adequacy and currency of library stock to reflect staff and student needs.  

[ ] Yes  [ ] No

23.6 Library opening times are sufficient to encourage and support student independent learning.  

[ ] Yes  [ ] No

**This standard is judged to be:**  [ ] Met  [ ] Partially Met  [ ] Not Met  [ ] NA

**Comments**

Library staff are enthusiastic, welcoming and supportive.

The library has limited space, but is adequate given the scheduling of attendance of the students according to their mode of attendance and the increasing emphasis on online materials which students can access remotely. Although information is available online, it would be helpful for students to be given a hardcopy leaflet of key library information.

24. **The information technology resources are well managed and provide a fit-for-purpose learning resource for the student body**

24.1 There are sufficient computers of the necessary specification to meet student and staff needs.  

[ ] Yes  [ ] No

24.2 There is provision of appropriate, up-to-date, software which reflects the needs of the programmes.  

[ ] Yes  [ ] No

24.3 There is an effective means of ensuring the renewal of hardware and software to ensure efficiency and currency.  

[ ] Yes  [ ] No

**This standard is judged to be:**  [ ] Met  [ ] Partially Met  [ ] Not Met

**Comments**

The operating system on the computers is currently being updated in line with global industry practices.

The University benefits from close working relations with some key companies who support it in renewing its hardware and software to reflect current industry practice. Although information is available electronically, provision of a brief hard copy guide to Information Technology (IT) resources for students would be helpful.
## INSPECTION AREA - QUALITY MANAGEMENT, ASSURANCE AND ENHANCEMENT

25. **The institution has effective systems to review its own standards and assess its own performance**

25.1 The institution undertakes regular and systematic monitoring of its operations.  [Yes] [No]

25.2 The institution conducts periodic reviews of all aspects of its performance against clearly specified and appropriate performance indicators.  [Yes] [No]

25.3 The nominated leader for each course produces an end of-session (semester or year) report which includes measures of student satisfaction, completion rates and achievement levels.  [Yes] [No]

25.4 The nominated programme leader, drawing upon reports from its constituent courses, produces an annual programme report which includes analysis of year-on-year results on student satisfaction, achievement levels, completion rates and progression to further study or employment.  [Yes] [No]

25.5 Reports, which present the results of the institution’s reviews, evaluate its performance and incorporate action plans, are compiled at least annually. These are considered by senior management and the board of trustees and, where appropriate, shared with all stakeholders.  [Yes] [No]

25.6 All programmes are subject to annual review and to full revalidation every five years.  [Yes] [No]

25.7 Annual review and revalidation of programmes involve external assessors.  [Yes] [No]

25.8 All quality management policies and procedures are clearly documented, for example in a quality manual or similar, and brought to the attention of staff and, where appropriate, students and other stakeholders.  [Yes] [No]

25.9 Particular attention is paid to the quality of the student learning experience and to ensuring there is fair treatment of all students.  [Yes] [No]

**Comments**

A combination of Bulgarian education laws, oversight by the University of Sheffield, external audit and internal processes, ensures that the University has appropriate and effective quality assurance and enhancement processes.

Internal quality assurance procedures allow for regular and continuous review of activities resulting in speedy enhancements to the student experience.
26. **The institution regularly obtains and records feedback from students and other stakeholders and takes appropriate action where necessary**

26.1 Views of all stakeholders, including academic staff and students, partner institutions and employers, are canvassed and recorded regularly through various means, including face-to-face meetings, feedback questionnaires and, where appropriate, formal student representation. **Yes** **No**

26.2 The views of stakeholders are considered objectively, evaluated thoroughly and, where necessary, appropriate action is taken. **Yes** **No**

26.3 There are effective means of responding to stakeholders’ opinions and keeping them informed of any actions taken and reasons for no action being taken, through formal feedback mechanisms. **Yes** **No**

26.4 Key performance indicators will include analysis of student outcomes in terms of the current year and year-on-year performance and any significant variations in student achievement between different programme components. **Yes** **No**

26.5 The institution engages with the wider community, such as employers and its alumni, in a formal and systematic manner in order to obtain feedback on the relevance of its provision and to identify areas for development. **Yes** **No**

**This standard is judged to be:**  **Met**  **Partially Met**  **Not Met**

**Comments**

There is continuous student and stakeholder engagement with the University. Stakeholder input is canvassed widely and used effectively. Prompt action is taken, particularly where it is considered that the student experience could be improved.

The University's engagement with employers and business leaders is systematically embedded throughout their curriculum development and delivery of programmes. Communication channels are effective.

Stakeholders are informed when changes have been made and, where suggested changes are not possible, the reasons for this.

The University uses its network of external stakeholders effectively to ensure that its students are well-prepared for their careers, a fact borne out by the very high employment rate of its graduates.

27. **The institution has a strong commitment to, and procedures that facilitate, continuing enhancement of its provision**

27.1 All stakeholders are invited and encouraged to make suggestions for enhancement. **Yes** **No**

27.2 In their annual appraisal, all staff are required to identify where they have facilitated enhancement and to identify further areas requiring enhancement. **Yes** **No**

27.3 End-of session course and annual programme reports should include enhancements made and identify further areas requiring enhancement. **Yes** **No**

27.4 Action plans are implemented and reviewed regularly within the institution’s committee structure. **Yes** **No**

27.5 Staff professional development needs are identified through appraisal and other means, and measures taken to support staff to address these. **Yes** **No**

27.6 The institution has formal mechanisms to monitor the information it provides internally and externally and to make any enhancements deemed necessary. **Yes** **No**

**This standard is judged to be:**  **Met**  **Partially Met**  **Not Met**

**Comments**

There is widespread canvassing of stakeholder views and a very responsive approach to delivering enhancements to the student experience, and the experience of staff. Student and staff performance are regularly monitored and examined for potential enhancements.

Staff demonstrate a clear understanding of, and commitment to, the enhancement processes and procedures which are designed to facilitate continuous improvement.

RECOMMENDED AREAS FOR IMPROVEMENT

It is recommended that the University ensures that all publicity material displays its publication date.

The University may wish to consider introducing regular staff seminars, with an emphasis on developing staff pedagogical skills.

It is recommended that the University collates its existing documentation to produce and publish a formal Equality and Diversity policy.

It is recommended that the University includes on its websites more comprehensive information on fees payable.

The University is recommended to introduce a more systematic and consistent approach to identifying a wider range of
disabilities on student application forms.

The University is recommended to make the fact that, in an emergency, students can contact the 24-hour Front Office more explicit, in a handbook or on a poster.

The University may wish to consider providing additional student activities of a non-academic nature, such as sports.

It is recommended that the University gives greater prominence to English language material on noticeboards.

It is recommended that the University reviews the suitability of classroom layouts for more interactive learning activities.

The University should consider providing students with hardcopy guides to the library and IT provision.

The University should ensure an early update of the computer operating system.
